

## **Decision on deadline to submit feedback extension, May 17, 2023**

To give sufficient time for all the interested companies to provide their inputs, decision was taken to extend the deadline to submit market consultation feedback form (Information Memorandum Annex No. 1 “Market consultation feedback form”) until **23 June 2023**.

Given the deadline is extended, in addition to the current Information Memorandum document package, GoA will provide an early draft / key clauses for the Request for Qualification (RfQ) document and will ask to review and provide feedback in addition to the rest of the Information Memorandum document package.

Separate information note will be issued when this document is ready for the review and feedback from the market.
