EU MS Partners: Lead partner - [Swedish Migration Board, Sweden](#) 
Junior partner - [Polish Ministry of Interior, Poland](#) 

Project Description

Objective: To bring Armenia closer to EU legislation and best practice in the domain of migration and asylum issues management.

Components: **Component I:** Adaptation of the Armenian legislation to the EU legislation relating to Asylum and Migration
Component II: Strengthening cooperation among Armenian authorities involved in migration issues and enhancement of their efficiency
Component III: Development of a complete migration data processing and communications system

Achieved results: The main results achieved during the implementation of the project were as follows:

- a) The legal framework governing migration and asylum was analysed and relevant recommendations were produced. A legal monitoring system was established;
- b) Recommendations on the most suitable means to structure an efficient system of migration management adapted to Armenia's needs were provided;
- c) Needs assessment and feasibility study for the establishment of an asylum and migration data processing and communication system was conducted. Project team provided relevant recommendations and advisory support.
