Description of the projects

Overall Objective: To enable cross-border exchange of culture by providing an innovative, multilingual IT platform, based on available open source social platform solutions and adapted for culture producers (artists, etc.), culture operators, (museums, festivals, etc.) and other actors of the cultural market.

Achieved results:

- A functional optional multi-lingual IT platform for Culture Exchange was established;
- Rich cultural content with cross-border influence and international dimension became available;
- Advertisement and exchange of information about cultural offers on individuals / regions / countries was improved;
- The platform was widely used.
